

Day 5 - Seek God's Kingdom

There are four activities for today these are

1. Flower press
2. Bird of the air
3. Treasure chest
4. Seek God's kingdom maze

For our all of our kingdom seekers 'flower press' will require some supervision with the microwave (this is a faster way to press flowers than the traditional way between books). For our youngest kingdom seekers, some adult help will be needed for cutting for the treasure chest and folding for the flying bird.

Family activity - Treasure hunt

The Seekers have been on a grand treasure hunt throughout this week, figuring out clues that lead them to the next clue and the final treasure. Why don't have one yourself as a family? Come up with a series of clues and write them on slips of paper. Order these papers so that each one leads onto the next clue.

For example

"I am white and have a door, cheese and butter in me I store" (answer Fridge) – the kids figure this out and then go to the fridge. In the fridge is the next clue

"A place to rest all snug and cozy, very useful if feeling dozy" (answer bed)

Use your imagination for what suits your house. The last clue you might like to have a prize of some kind.
